OUR FEATURE PRESENTATION

the 1990s, the number of people in the UK who are aged 65 and over has increased by 1.5 million, and the number of people aged 75 and over has increased by 1.2 million (Office for National Statistics 1999).

There is a growing awareness of the need to address the needs of older people in the community. The Department of Health (1999) has published a strategy for older people, which sets out the government's commitment to older people and the actions that will be taken to improve their lives. The strategy is based on the following principles: older people should be able to live independently and actively; older people should be able to participate in the life of the community; older people should be able to live in their own homes; older people should be able to access the services they need; and older people should be able to live in a safe and secure environment. The strategy is a key document in the development of policies and services for older people in the UK.

At 8:48 a.m. on Sept. 11, a hijacked American Airlines commercial jetliner crashed into one of New York City's World Trade Center towers. At 9:05 a.m., a second plane crashed into the second tower. As people tried to evacuate, the impact and heat from the crash caused the first tower to tumble to the ground in enormous clouds of smoke and debris. The second tower collapsed shortly thereafter.

By 9:40 a.m., a third hijacked plane crashed into the Pentagon, and a fourth crashed one hour later near a wooded area in Western Pennsylvania. Nearly 4,200 lives were lost.

The hijackings were part of an intended multitude of terrorist attacks on America headed by Islamic fundamentalist and wanted terrorist Osama Bin Laden and his al Qaeda terrorist network. Bin Laden has been making open threats against America for many years, demanding the U.S. withdraw involvement from the Middle East.

President Bush insisted that the Taliban (the ruling government of Afghanistan) turn over Bin Laden to the U.S. When they repeatedly refused, U.S. and allied British forces began weeks of bombing Afghan cities, including its capital city Kabul, successfully toppling the Taliban regime and destroying Afghan havens for terrorists.

The 2001 baseball season was touted by some as one of the most exciting offensive seasons in years. The World Series ended in a surprise victory for the Arizona Diamondbacks, who beat the New York Yankees 3-2 in the seventh inning thanks to an RBI single by Luis Gonzalez. San Francisco Giants star hitter Barry Bonds finished up with 73 home runs, breaking Mark McGwire's 1998 record of 70 in one season. Bonds also became the first player to win four Most Valuable Player Awards.

More than 30 television networks along with 8,000 radio stations and Internet sites across the country simultaneously broadcast the live special "America: A Tribute to Heroes." The show was a two-hour, star-studded telethon that raised more than \$150 million for the victims of the Sept. 11 terrorist attacks.

Advanced Cell Technology President and CEO Michael West announced the company successfully cloned a human embryo for the purpose of mining stem cells.

Throughout the year, the controversy over the ethics of stem cell usage, a process which may help scientists treat serious diseases, has grown because the cells are taken from human embryos, causing the embryo to be destroyed.

Michael Jordan returned to the NBA, where he will play for the Washington Wizards through 2003. He pledged \$1 million of his first year's salary to victims of the Sept. 11 terrorist attacks.

Afraid

By Sara Neba (9th grade)

When I saw you, I was afraid to meet you
When I met you, I was afraid to know you
When I knew you, I was afraid to like you
When I liked you, I was afraid to love you
Now that I know I love you, I'm afraid to lose you

Lo and Ve

Jessica Handley (9th grade)

If you remember me when I'm gone, I'll remember you.
If you talk to me in the late of night, I'll talk back to you.
If you share your wisdom with me now, I'll share mine with you.

You are Romeo and I am Juliet.

You and I are meant to be.

We fit together like pieces of a puzzle.

You are Lo and I am Ve.

You're Not Special

Megan Lauderdale (12th grade)

You're not special, not at all
He hurt me too, he made me fall
Every look and every word
To you to me is absurd
He will tell you truths, then tell a lie
I think he wants to see us cry
You and me and then there's him
Does he even love us, even one bit
I thought I was the only one, but you probably did too
Tonight is the night we are both through
When he realizes it, he will not know what to do
Now he is not special to us
Now we won't cry, we won't cuss
We are special, we are now

By Andrea Wayne (9th grade)

You left us all behind,
Without saying goodbye,
Leaving us to cry,
On that cold fall night.

You didn't want to go,
But you didn't put up a fight
You waited until God said for you
To go up in the sky on that
Cold fall night.

You went up into the sky,
Where no one cries and the butterflies fly,
While we have have tears in our eyes crying, why?

I wondered why God chose
You to fly that night but,
I guess I have to wait
Until it's my time to fly
To know why.

Even if your body is gone,
Your love is still alive,
In my eyes where it stays,
Until I see you in the sky,
But I will never stop loving you,
Or forget that one cold,
Fall night.

Someone Like You

Summer Lawson (11th grade)

Love is a feeling that will never die,
when you find the one who completes
your whole life. To one who makes all
of your fears fall away and simply dis-
appear. I've waited so long for the love
I found in you, from the moment I
first saw you I knew that no matter
how hard my life can be, I'll get
through. I'll make it as long as you're
here with me. You bring so much
happiness to my life and when I'm
with you I forget all my strife. The
Lord has blessed me so graciously be-
cause he sent someone like you, to some-
one like me.

Eagle Feathers

Far Right: Megan Lauderdale is hard at work on her stories during her seventh hour. Each member generally averages three or four stories a piece. Right: Megan Lauderdale and Carolyn Gunter are both seniors on the Eagle Feathers staff, but they both share an equal responsibility with the other staff member, Andrea Wayne. Their responsibilities include collecting eels' stories and contributing to the paper.

by Joyce Garrett

The Paparazzi

Above: Andrea Wayne joined the Eagle Feathers staff mid semester, but caught on as if she'd been doing it all year. She learned how to use the Publisher program to its full potential, as she worked under deadlines and with her other staff members.

This year's Eagle Feather Newspaper staff worked very hard, even with conflicts of ideas. Two year member Carolyn Gunter thought the hardest part of the class was "dealing with this year's staff." They had many conflicts to overcome, but in the end they produced a great year's worth of Eagle news.

Although they lost a percentage of their staff members, they gained one very eager one. Freshman Andrea Wayne thought "fixing the stories" was the hardest part, but well worth it to be on the staff. "The fact that we can write the stories and make a newspaper" was the deciding factor to stay with the staff. She even hopes to become a journalist after she graduates.

The 2001-2002 Eagle Feathers Newspaper Staff is Andrea Wayne (9th grade), Carolyn Gunter (12th grade), Megan Lauderdale (12th grade) and Mrs. Pappas (Advisor).

Yearbook

This year's theme, Our Feature Presentation, was created when Angela Hope, Joyce Garrett, and Mrs. Peele went to a yearbook workshop held at Merrillville High School. Every year two students from the yearbook staff, Mrs. Peele, and an artist se-

lected by Walsworth Publishing company, create a new theme and cover for the year.

This year's theme, Our Feature Presentation, was created with the thought of weaving movie aspects with school.

The yearbook staff for the year of 2001-2002 consisted of two seniors, two juniors, one sophomore and two freshmen.

We hope you enjoy this year's publication.

French Club

The French Club had many activities that were lots fun. This year was a very fun and exciting year for the members and for Miss J. who runs the French Club activities. The students say that the most fun they have is around Mardi Gras, which is also known as Fat Tuesday. The members of the French Club play a numerous amount of games and also have a Mardi Gras party.

Band

The 2001-2002 Edison High School Band is under the direction of Mrs. Fine and Miss Post. It is Miss Post's first year teaching band and Mrs. Fine's fourth year. The band has 55 members this year. There are three different divisions of band activities

they do throughout the year. In the marching band division they march in the Fourth of July Parade, Homecoming Parade, and Royal Parade. In the concert band they perform Christmas, Fall, and Spring Concerts. The last division of band is Pep band. This division is optional for members. Pep band performs at home basketball and football games throughout the year. The band participated on ISSMA this year and placed in first division.

Student Council

the people behind all the fun

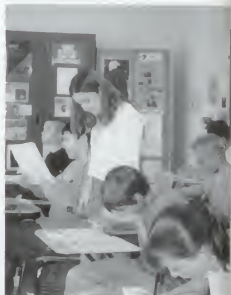

Student council is a really big part of Edison High School. I guess you can say that the high school student council is behind all the fun at Edison. This year the student council did a lot more than usual. It seems they are the ones responsible for our homecoming week, you know the dressing up, the games, the window and room decorating. They are also responsible for the canned food drive that is traditionally done every year. The student council also put together a fantastic homecoming dance *A Stroll In The Stars*. Along with all the dances and the fun the student council also participates in the Challenge Leadership program, prom promise, and teacher appreciation week.

* Interview done with Charlie Scanlon

1. What are some activities you do?

"Practice and competitions"

2. Is it hard?

"It's a challenge."

3. How long have you been in it, and how long do you plan to stay?

"Two years, and I'm planning to stay involved all four years."

4. What is the purpose of it?

"It's a spelling competition."

5. When and how long are practices?

"Everyday till about 4 p.m."

6. What is it, and what is it about?

"Spell Bowl is a spelling competition between schools. Instead of spelling the word out loud, you write it down."

Academic Super Bowl

This year the academic super bowl interdisciplinary team could have seven people on the team and five on the floor at a time. Math, social studies, science, English, interdisciplinary, and fine arts were the six subject areas studied. Each team member could be involved in up to three subject areas. Five people were allowed on each of the teams.

Interdiscipline is a combination of all the other subject areas. The

There were a total of 25 questions asked in each subject area, and three people from that team were on the floor at a time. After 10 questions were asked, the team members on the floor traded places with the other team members, so everyone got a turn.

The team competed in two competitions. The first one was at Kankee Valley and the second one was at Wheeler. At Kankee Valley the school placed third in interdiscipline. All the stars put on a great performance, under the direction of Miss Jarmula.

"Against ALL Odds"

Coming into this year's varsity season, the boys' football team knew there were some obstacles to overcome. One of the obvious setbacks was when half the varsity season was taken away due to the shortage of players. This meant that some unexpected individuals had to fill these roles. The team knew they had to work constantly to establish their place in football. Even though the season did not turn out the way they hoped, the boys still viewed this season as a helpful situation. Although the team may not have been overly experienced or victorious this season, they played to the level needed to be a winning team and gained the skills necessary for many good seasons to come.

Tennis

This year's Varsity Tennis team did very well with a season of 10 wins and 9 losses. They won their sectionals and went on to regionals. The team consisted of Adam Witka, Timmus O'Niones, Charles Scanlon, David Robb, Tony Corral, Kevin Robb, James Scanlon, Dustin Cotner, Jeremiah Martir, and Jacob Ray. They did very well and carried their school's name to regionals with pride. Congratulations to all of you.

Cross Country

This year the cross country team consisted of nine members who dedicated themselves to running. Their practicing and working got them ninth place in conferences and tenth place in sectionals.

In order to improve their times, the team had to learn to self motivate themselves to practice on their own. As a result of this, Mr. Hepp shares, "Scott Crook improved his endurance level while the other members learned to motivate each other during meets."

Everything in life has challenges, cross country is not an exception. Mr. Hepp felt that one of the challenges of this year's team was that they needed to run together more. "Kind of a running club."

In the end, all their hard work paid off and they ran a good season. When next year rolls around, however, Mr. Hepp hopes to see more people trying out. "We are looking for more girls to compete next year, so we can have a complete girls team."

ELI Martinez

Wrestling is an ancient sport. It is a sport of strength, speed, endurance, and determination. It's also not only an individual sport, but it's a team sport as well. Even though only one person goes at a time, it requires a strong team support.

ALL the team members gave it their all this year. Some even gave it a 110% on the mat. Some good team players this year were senior Chris Beck and senior Tommy Ling. This varsity wrestling team went out everyday and worked rigorously to improve and surpass their goals, that they established in one of the most demanding sports. They all conditioned for this sport non-stop, along with the difficulties of making weight. This team had a lot of struggles, but the sweat and efforts exerted throughout the year, paid off in the end.

Girls Basketball

The girls basketball team was alot closer this year, than many previous. With the great Leadership of only two seniors, everyone stuck together as if they were a big family. Our seniors were really motivated and they did a really good job trying to support our team. - Sarah Gomez.

Without many experienced players on team, they bonded together and worked hard to improve for years to come.

The team stayed upbeat with encouraging words from both each other and their coaches. They were a successful team, became new friends, and were brave enough to face their opponents every time.

This year's baseball team had a very successful season. The team had such a good year, because the people on the team were very talented. They had to work very hard to get to where they were in the standings.

They went against some of the very best teams and conquered most of them. Even if they did lose to some of those teams, the guys held their heads high with pride. All the team should be very proud. Golf

This year's Golf team had four returning seniors, three of whom played since they were freshmen. The team had a lot of talent and had been playing together for at least two years. The golf season seemed like it was never going to start with all the rain and snow received over the first two weeks of April. The first match played was against Hobart and River Forest, in which the Eagles defeated River Forest, but lost to Hobart. To end the season Joe Boyer shot a school record 93, then broke it a week later with an 88. The team broke their own record shooting a 398, then broke that with a 379, and also shot a 185 breaking their old record of 191. Receiving MVP was Joe Boyer, Mental Attitude was Nick Deavers, and Most Improved was Brandyn Mason.

Left: Josh Moreland the number two golfer prepares to hit his second shot on hole number 10.

Above: Josh Moreland steps over to wish Josh Mason good luck on one of his first Varsity matches.

TRACK

B Mr. LoCascio had nothing but good things to say about his team members this year.

O David Robb is doing excellent in the Long jump and the high jump.

Y Jason is my high hurdle. He's improving there. He's also an intermediate hurdler with Tommy Ling.

P David Cicillian has been doing good in his running events. He's been concentrating on the 800 and the mile.

S The team has worked really hard for their wins and their efforts show.

2001 - 2002 Track & Field Stats

G I R L S TRACK

This year's girls track team was all about one thing, having fun! Track maybe hard work, but we have a blast together. At the meets, on our down time, we always joke around and hang out.

The hard work pays off on the ride home because our boys and girls track teams have so much fun together, says first year high school track runner Diana Harrington.

The girls hope that next years track season is as much fun as it was this year! Good Luck girls!

Class Officers

Your Fellow Classmates

Did you know...

Deep Blue Sea! As a tribute to the original killer shark movie, the License plate that is taken out of the tiger shark's teeth at the beginning reads the same as the License plate taken out of the tiger shark's stomach in *JAWS*. They both are 72-73 Louisiana plates bearing the number: 007-981.

The Fast and the Furious! About the middle of the film all the guys are gathered together at Dom's House for a barbecue. Afterward they went to watch a movie. If you watch carefully you can see that they are watching 'Dragon: The Bruce Lee Story' which is directed by the same director Rob Cohen.

Jaws! After Brody fires his pistol at the shark, there are a few night shots. In both, a shooting star is plainly visible (optically added in post production-traveling left to right). This was Spielberg's signature forewarning us to 'watch the skies' for his next movie *Close Encounters of the Third Kind*.

Godzilla! In the scene where they are running around the baseball stadium from baby Godzilla's, they end up in a room with a series of computers. On top of one of the computers is an Independence Day action figure. Independence day was done by the same group of people.

Forest Gump! There is a scene in Forest Gump where Forest is playing ping-pong while the broadcast of the first moon walk is on behind him, a significant event in his very next film, Apollo 13. Even more of a hint, Lt. Dan tells Forest in the bar scene on New Years that the day he becomes a shrimp boat captain is the day he becomes, of all things, an astronaut. Both Gary Sinise and Tom Hanks play astronauts in their next film, Apollo 13.

Men In Black! When Agents J (Tommy Lee Jones) and K (Will Smith) are being talked to by the leader person, in the background, there is a man standing UPSIDE DOWN! If you look at it at all you can see him, because he is waving his hands, in the background!

Psycho! In the remake of 'Psycho', when Anne Heche walks into her work after being with Sam Loomis. Look outside the building as she walks in. Standing on the street is none other than the great Alfred Hitchcock (or a body double, anyway) shaking his hand and yelling at the director of the remake, Gus van Sant.

Sleepy Hollow! Go see Sleepy Hollow. During the part when the magistrate is leaving town and Ichabod stops him on the road, watch out for a scarecrow. Look at his face, it's Jack Skellington from *A Nightmare Before Christmas*, a movie written by Tim Burton.

Star Wars Episode 2: Attack of the Clones! In the scene where Anakin and Kenobi follow Zam into the club, there are two Coruscant security officers who acknowledge the Jedi's presence. These officers are no other than Ahmed Best (Jar-Jar Binks) and Anthony Daniels (C-3PO).

words

-Jacqueline Snoder (12th grade)

it seems sometimes
we forget
that everyone hurts
we all get tired
why do people speak
before they think
they don't understand
how much
our words
affected each other
we would
express ourselves
differently
in the end
everything fades away
the pain
the anger
but
they never forget
the words

"Untitled"

DAVID CICILLIAN (11th grade)

DREAM A DREAM OF BEING ALONE
LIVED A LIFE WITHOUT THAT ONE
WATCH A FLOWER BLOOM THEN WATCH IT DIE
THEN ONE DAY IT ALL CAME CLEAR
WHEN I SAW YOU STANDING THERE
NEVER HAS ANYTHING LOOKED SO BEAUTIFUL
NO MORE ACHING WITHOUT A TEAR
I WATCH A LOVE BLOOM LIKE A FLOWER
YOU HAVE MADE IT CLEAR TO ME
THAT MY DREAM IS NOW A REALITY
LONG DAYS OF BEING COLD NOW WARM
NO MORE FEAR TEARS, OR FROWN
NOW I'M HAPPY-THE MISSIN' PIECE OF THE PUZZLE
I WATCH YOU LIE THERE IN MY LAP
I SMILE AND STARE INTO THOSE EYES
I SEE YOU AND ME FOREVER IN LOVE
KEEP YOU CLOSE BUT HOLD YOU TIGHTER
NEVER LET SOMETHING SO RARE
THOUSAND DAYS OF HAPPINESS
A THOUSAND MORE WITH FEAR
MOST IMPORTANT, I KNOW YOU'LL BE THERE
EVEN WHEN I'M COLD AND OLD
YOUR SMILE BRINGS ME WARMTH
HOLD YOU TIGHT NEVER LETTING GO
NOW MY LIFE IS COMPLETE
AS YOU SLEEP, I'LL WHISPER IN YOUR EAR
I LOVE YOU MY DEAR
AND HOLD YOU TIGHT THROUGHOUT THE NIGHT
WITH MANY MORE TO COME

Neil Starkey (12th grade)

Doesn't it seem like the time just flew?
It seems the time had past and forgotten you.
Since our time here has reached the end,
We're left with the fear of losing good friends.
When they call your name, that's your cue.
It's time to move on, there's bigger things to attend to.
We all said we couldn't wait for graduation to begin.
Now that it's here,
we all wish we could go back and do it again.
To let you in on a secret,
This is just the beginning

HURRAY for the RED, WHITE, and BLUE

Americans Show Their True Colors

On September 11th, when terrorists struck the World Trade Center, people across the world were shocked, sickened, and horrified. The yearbook staff would like to dedicate this book to the victims, survivors, and everyone who helped with the clean up every day after the 11th. Also this dedication is for all Americans who organized relief efforts, made contributions, or said prayers for the people in New York.

Lake Station was no exception to the large group of people who reacted to the tragedy. There were many older people who decided to renew their patriotism, and many younger people became patriotic. Flags were seen flying from houses, cars, trucks, and businesses. Many people made donations, and patriotism was definitely alive around this area. A picture is worth a thousand words; obviously Lake Station had plenty to say about the events that would change our lives forever.

Education is one of the few investments that always appreciates in value.

With every tough math problem, every long history lesson, every nail-biting exam, a young person's mind can't help but grow. And grow. So it is with great pleasure that we congratulate all those involved in the pursuit of quality education. It's the kind of investment that will always yield a handsome return.

Above! In honor of the people involved in the tragedy in New York, the Junior High students painted this mural on the wall next to Mr. Wisniewski's room. They worked on this mural before and after school until it was completed. It was a job well done and an enhancement to this school.

While wrapping up the final production of this year's feature presentation, the stars give an enthusiastic yet tearful goodbye. The co-stars take a long needed break before another year of fun in the Limelight. The directors think of fun and new screenplays to draw in their stars. Congratulations to every senior for a job well done and a great four years of hard work and dedication. Hopefully your future will be as bright and promising as you always hoped it would be.
